North Yorkshire Cottage Holidays, in association with Visiting North Yorkshire, bring to you a beautiful portfolio of holiday homes, located across the County.

Whether you're looking for a coastal retreat with sea views, a quaint cottage in a picturesque village or a holiday home with total seclusion, North Yorkshire Cottage Holidays has them all plus more!

North Yorkshire Cottage Holidays journey began in 2020. Lisa, a North Yorkshire native, started North Yorkshire Cottage Holidays with dual objectives: to provide comprehensive holiday lettings and property management services for owners throughout North Yorkshire, and to curate a diverse selection of accommodations across the region for guests to enjoy.

In 2025, we opened our first office in Helmsley, located in the heart of this delightful market town. This location enables us to connect with a wider range of visitors and guests, showcasing properties from our expanding portfolio.

By choice, we maintain a small business model, which enables us to provide exceptional customer service. We engage directly with every property owner, combining our field expertise with extensive local knowledge to benefit both owners and guests.

Lisa oversees the business and office operations. As the founder of North Yorkshire Cottage Holidays, she collaborates with local businesses to enhance the offerings available to both owners and guests.
